

SCHOLARSHIPS

EDUCATING FUTURE INFORMATION SECURITY PROFESSIONALS

ISC2 and its Center for Cyber Safety and Education are deeply committed to encouraging and supporting students pursuing a degree with a focus on cybersecurity, information assurance, or similar field. The scholarships, sponsored by ISC2, support students globally. Efforts like these can put students on a pathway to long term career success in a rewarding and critically-important field.

The scholarships are part of an effort to bridge the cybersecurity workforce gap—which stands at 3.4 million needed professionals (<https://www.isc2.org/Research/Workforce-Study>),—by providing future cybersecurity professionals across the globe with scholarships to prepare them for a rewarding career in this important field.

To volunteer as a Scholarship Reviewer, please email us at scholarships@isc2.org (<mailto:scholarships@isc2.org>). To act as a reviewer, you must be a current certified ISC2 member in good standing.
