[Will Broom](#) Thank you. I have added the interview questions course to my interview prep folder. I might add that the two links you have regarding interview questions are for the exact same course which the instructor has in two different links.

Sr Network Engineer | CPM | DHCP | DNS | IPAM | Veteran | Ham Radio |
MTCNA | BIND | Infoblox | Netbox | RSyslog | Zerotier | Cradlepoint |
Twingate | WinBox | Azure | Jinja2 | Python | VmWare | YAML | NGFW |
LucidChart

1y ...

For Udemy, you get the same content on free as you do Paid . Just not a completion certificate basically. Good info, Free is always good.

Engineering, Threat Hunting

1y ...

I don't believe that is the case for all courses, Franklin but I may be wrong. These courses offer the FULL video content but just not a completion cert. Most other courses don't give the full video content, just a taster

Thank you so much for the links! Another pro-tip I have is to check with your local public library to see if you have free Udemy Business access by scoping out the online resources they offer. If you're lucky, you can get access to paid courses for free, and maybe even LinkedIn Learning too! 😊
