What is Cisco Networking Academy

We know education can change lives. And we think it should be accessible for all. Cisco is on a mission to empower all people with career possibilities through the power of technology, education, and career opportunities.

Cisco Networking Academy is one of the longest-standing IT skills-to-jobs programs in the world. We offer technology education through strong public-private partnerships, high quality curriculum, and inclusive workforce development programs. Since 1997, we have been educating the learners who connect the world.

Skills for All is your place to get started – whether you’re curious about the field of tech, looking to build new skills, or ready to pursue a new career path. We offer top-notch, practical curriculum from Cisco, the worldwide leader in technology that powers the Internet. Our courses are designed

I have learned how to help to educate my students about the latest issues and how to deal with the issues.

Mary Kilonzo
Kenya

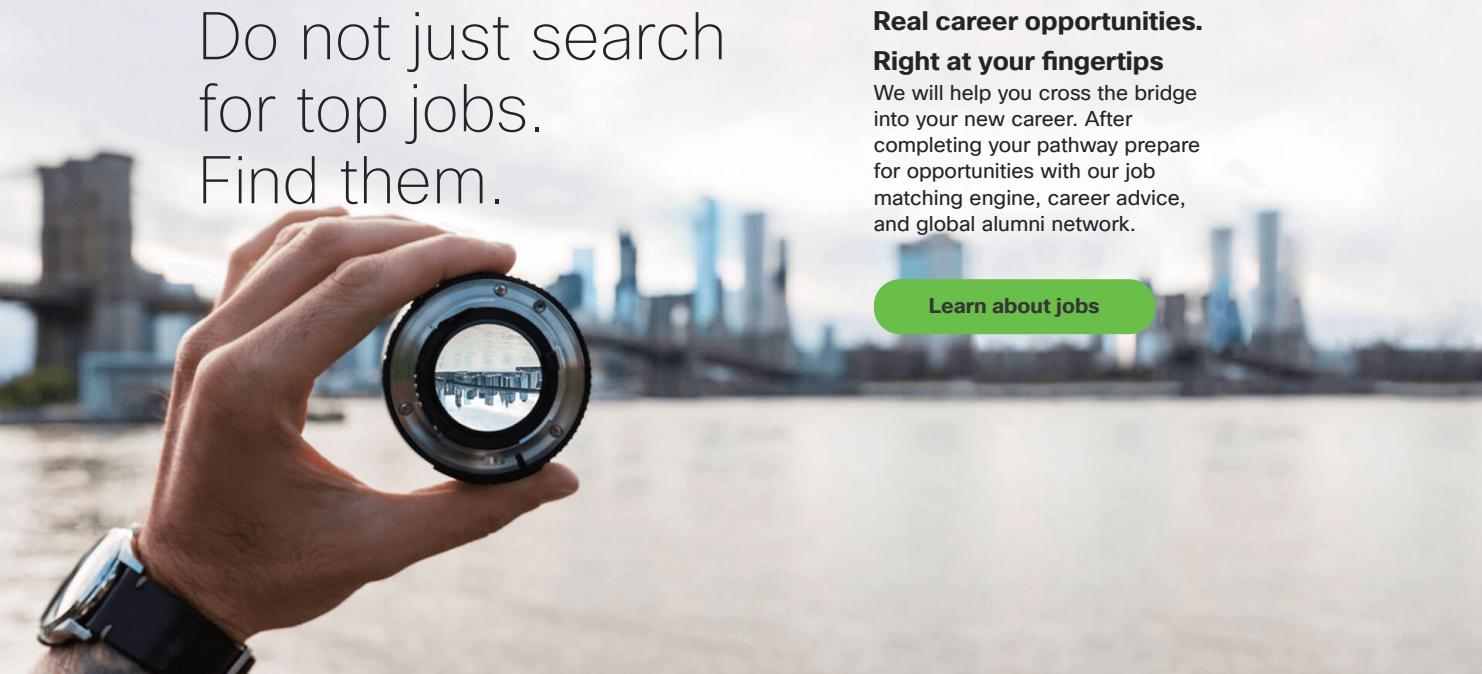

Now I have the basic knowledge to request a new position in my job.

Paola Samantha Ramirez
Mexico

I am actively improving my skills because of Skills for Jobs. This has made my job applications more noticeable.

Ngozika Onuzulike
Nigeria

Do not just search for top jobs. Find them.

Real career opportunities.**Right at your fingertips**

We will help you cross the bridge into your new career. After completing your pathway prepare for opportunities with our job matching engine, career advice, and global alumni network.
